Adult Teachers To Tell Their 'Best Ideas'

The faculty of the Torrance Adult School will hold its annual dinner at Meltons By The Sea on Friday night, June 2. "The purpose of the dinner is threefold," said Donald Manshaw, director of Adult Education. "First, it is designed to discuss ways of improving and expanding the adult program for the fall semester. Second, the dinner will serve to better acquaint the teachers on the faculty with each other so that they can have a better understanding of the program as a whole. Third, it is designed to serve as an orientation of the latest teaching methods, credentials, and economic ways of operating the program," he pointed out.

Dr. J. H. Hull, superintendent of schools who will be guest speaker, will discuss, "My Views on Adult Education." Each teacher in turn will give a one minute talk on "The Best Thing I Have Ever Done for My Class," and "My Best Ideas for the Fall Semester." Prizes will be contributed by the group and awarded to the persons with the best ideas.

PEPPERDINE GRADUATES LOCAL PAIR

Two Torrance graduates will be among the record class of 406 students to receive diplomas Sunday, June 4, at the commencement exercises at Pepperdine College.

The two Torrance students are Elsie Snyder, 201 West Sepulveda boulevard and Wayne M. Johnson, 2208 A Cabrillo avenue. Following the commencement address by Manchester Boddy, Dean E. V. Pullias will present the candidates and President Hugh M. Tiner will confer degrees on the local students. As in 12 previous Pepperdine commencements, Founder George Pepperdine will voice the benediction. Music will be by the college's mixed chorus and Otto T. Hirschler, organist.
